

REMARKS

Claims 1-57 are currently pending in the present application, with Claim 5 being amended, and new Claims 24-57 being added.

New dependent Claims 24-57 have been added to claim additional aspects of the present invention. Claims 24-40 are computer medium claims that correspond in scope to allowed Claims 7-23, while Claims 41-57 are system apparatus claims that also correspond in scope to allowed Claims 7-23. Applicants submit that no new matter have been added, and that request that an amendment under 37 C.F.R. 1.312 be entered.

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

If, for any reason, the Examiner finds the application other than in condition for allowance, Applicants request that the Examiner contact the undersigned attorney at the Los Angeles telephone number (213) 892-5587 to discuss any steps necessary to place the application in condition for allowance.

In the unlikely event that the transmittal letter is separated from this document and the Patent Office determines that an extension and/or other relief is required, Applicants petition for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing Docket No. 393032041900.
